America's Most Innovative University Deserves an Innovative Tech Stack.
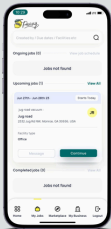

ASU
+
velociti™

Ranked No. 1 in innovation for 11 years, ASU sets the bar. Velociti helps keep it high with next-generation integrated technology that delivers real-time accountability, job tracking, and performance visibility across every facility. **Operational excellence for an institution that defines excellence.**

Facility Management, Simplified. Know Every Job is Done Right, Every Time.

From labs to lecture halls, your campus doesn't stop and neither do we. At Velociti, we use Peazy, one of our core technology platforms, to ensure every shift, every space, every day is accounted for.

Two Platforms. One Seamless System. Total Visibility.

Peazy
**Velociti's real-time service verification platform**

- Real-Time job tracking with time stamps
- Photo & Video verified task completion
- Client dashboards with daily performance data
- Quality control & compliance inspections

One Integrated Dashboard

01 PROOF OF PRESENCE
Know who's on-site for how long with geofencing technology.

02 PROOF OF COMPLETION
Ensure all scope items are completed every time, on time.

03 PROOF OF QUALITY
Get photo & video verification for every job.

OnTheJob
Velociti's Employee Engagement Platform

- GPS check-in & check-out
- Real-time no-show alerts
- Assigned task checklists
- Instant deficiency logging
- Field-level visibility from start to finish

The Power Behind Transparency and Accountability

- **CENTRALIZED MANAGEMENT:**
  See all jobs and locations in one place.

- **DATA-DRIVEN INSIGHTS:**
  Make smarter decisions with performance data and vendor analytics.

- **PROACTIVE MANAGEMENT:**
  Allow your facility service providers to be alerted to issues so they can be resolved before your team even shows up to work.

Solving Your Biggest Facility Management Challenges.

Managing a university as dynamic and expansive as ASU comes with daily operational hurdles. From vendor reliability to visibility across campus jobs, Velociti's connected platforms are built to close the gap between expectations and execution.

> **Inconsistency in Quality**
> Velociti taps into Peazy's verifiable cleaning system to deliver consistent, reliable service across campus.

> **Reactive Issue Resolution**
> With OnTheJob's Issue Reporting tool and shift compliance alerts, our team is able to proactively resolve staffing issues, often before the customer even notices.

> **Lack of Visibility:**
> Velociti's tech gives ASU instant visibility into who's on-site, what's being done, and how it's verified - across all buildings and shifts.

> **Time-Consuming Management:**
> With job verification, exception alerts, and automated reporting, Velociti reduces micromanagement and frees up your teams to focus on enhancing student experience.
